

Programme MaPSIS 24-28th April 2017
“International Conference Maritime Spatial Planning, Ecosystem Approach and Supporting Information Systems”

Monday 24 April 2017

09:00 – 11:00	Project PLASMAR partners meeting
11:00 – 11:30	Coffee Break
11:30 – 13:30	Project PLASMAR partners meeting
13:30 – 15:00	Lunch
17:30 – 18:30	Thematic event - Project PLASMAR – MSP in Macaronesia Registration of participants
19:00 – 20:00	MaPSIS inauguration
20:00 – 21:00	Icebreaker

Tuesday 25 April 2017

09:00 –11:00	1st Session:Maritime Spatial Planning & Blue Growth Chairman: TBD
09:00 –09:20	<i>Plenary speaker– Vittorio Barale, European Commission, Joint Research Centre, Italy</i>
09:20 – 09:35	The eNGO experience of marine spatial planning: WWF’s reflections in Europe to date Taylor, A.R. et al.
09:35 – 09:50	Maritime spatial planning: the need for a Land-Sea interface scope and an integrated approach Lobo Rodrigo, A.
09:50 – 10:05	Implementing marine aquaculture zoning within marine spatial planning: A case study for madeira archipelago (Portugal) Andrade, C.A.P., Nogueira, N.
10:05 – 10:20	Analysis between two policies of marine spatial planning and conservation in São Paulo State - Brazil Fernanda, T.S. et al.
10:20 – 10:35	Marine infrastructure enclosures for enhancing marine conservation Shabtay, A. et al.
10:35 – 10:50	International vulnerables areas and law: spatial approach Bonnin, M.et al.
10:50 – 11:00	Discussion
11:00 – 11:30	Coffee Break & Poster session
11:30-13:30	1st Session:Marine strategies & Environmental Planning Chairman: TBD
11:30 – 11:50	<i>Plenary speaker– Victor De Jong, Ocean & Coastal Management Journal – Elsevier, Netherland</i>
11:50 – 12:05	Ecosystem-based management, marine restoration and a new biodiversity instrument for areas beyond national jurisdiction: Reflections from the European Union MERCES and ATLAS Projects Ronán, L., Anthony, G.
12:05 – 12:20	The challenge of dynamic ocean management in transboundary scenarios: The western Mediterranean sea as a case study Fabbri, F. et al.
12:20 – 12:35	Adapting to climate change on the European coast Chica, J.A. et al.
12:35 – 12:50	Criteria system for complex assessment of the Russian coastal geosystems Krylenko, V.V. et al.
12:50 – 13:05	Marine protected areas: monitoring plan of the national park of Cabrera and Atlantic Islands of Galicia national park (Spain) Rey, M. et al.
13:05 – 13:20	Strategy of water management under climate change for lagoons on north-western black sea coast Tuchkovenkoa, Y., Khokhlovb, V.
13:20 – 13:30	Discussion
13:30 – 15:00	Lunch

15:00 – 16:30	1st Session: Biodiversity Conservation within Blue Growth Chairman: TBD
15:00 – 15:20	Marine expedition bio-príncipe 2016: marine biological assessment and sub-tidal habitats characterization Plenary speaker– Ricardo Haroun, IU-EcoAqua ULPGC, Spain
15:20 – 15:35	Simplifying complex biodiversity conservation challenges by democratizing marine spatial prioritization Elena, G. et al.
15:35 – 15:50	Bioengineering marine ecosystems with floating seaweed prairies Radulovich, R.
15:50 – 16:05	Spatial management of marine and coastal protected species. The case of <i>Cystoseira</i> spp. in Canary Islands (Spain) Laura, M. et al.
16:05 – 16:20	Seasonal and spatial factors as drivers of marine biodiversity on rhodolith seabeds Cosme, M. et al.
16:20 – 16:30	Discussion
16:30 – 16:45	Coffee Break & Poster session
16:45 – 18:30	Blue growth VS Good Environmental Status - PLASMAR open workshop -by Yaiza Fernández-Palacios
Wednesday 26 April 2017	
09:00 – 11:00	1st Session: Marine/Maritime Information Systems & Data Management Chairman: TBD
09:00 – 09:20	<i>Plenary speaker– Hugo De Grof, European Commission, Directorate-General Environment, Unit E.4 – Compliance and Better Regulation</i>
09:20 – 09:35	The role of Emodnet (European marine observation and data network) to support MSP: Emodnet thematic portals and Emodnet sea-basin checkpoints Martín Míguez, B. et al.
09:35 – 09:50	Emodnet chemistry results in support to EU marine policies: use cases Giorgetti, A. et al. presented by Elena Partescano
09:50 – 10:05	The AIS, a relevant data for Maritime Spatial Planning? Le Tixerant, M. et al.
10:05 – 10:20	Fuzzy rule-based model for optimal management of marine protected areas: a case study on the marine reserve Cerbère-Banyuls Ghanem, A., Jarraya, M.
10:20 – 10:35	Dewetra Data Server, an open-source engine to interoperate with Geo-Spatial Dynamic Data Campanella, P. et al.
10:35 – 10:50	Application of the Operational Oceanography System Ocean UCA-Maps to coastal planning, management, and monitoring: the case of bacterial contamination in the Bay of Cadiz Carlos, J. et al.
10:50 – 11:00	Discussion
11:00 – 11:30	Coffee Break & Poster session
11:30-13:30	2nd Session: Maritime Spatial Planning & Blue Growth Chairman: TBD
11:30 – 11:50	<i>Plenary speaker– Angel Borja, AZTI Tecnalia, Spain</i>
11:50 – 12:05	The European Maritime Spatial Planning: between maritime activities, conservation and coastal uses Maccarrone, V., Sprovieri, M.
12:05 – 12:20	Land and sea use interaction in Heraklion coast Rempis, N. et al.
12:20 – 12:35	Zoning and management system in the south Sumatera province: implications of Indonesia's legal regime on Marine Spatial Planning Fery, K. et al.
12:35 – 12:50	Can Romania achieve its 2021 MSP target? a scenario based on modeling and input from stakeholders Văidianu N., Ristea M.
12:50 – 13:05	Marine Spatial Planning in regional, insular territories. The role of regions as crucial stakeholders and policy making authorities Hatziyanni, E., Arvanitidis, C.

13:05 – 13:20	Sustainability in coastal areas: proposal of an integrated system of indicators for its analysis and communication Fernández-Palacios, Y. et al.
13:20 – 13:30	Discussion
13:30 – 15:00	Lunch
15:00 – 16:30	1st session: Maritime sector's needs, opportunities & challenges Chairman: TBD
15:00 – 15:20	<i>Plenary speaker– Sadasivam Kaushik, IU-EcoAqua ULPGC, Spain</i>
15:20 – 15:35	MSP & ICM of the Greek mussel-farming activity through science-policy-society generated tools: results & future reflections Konstantinou, Z.I., Krestenitis, Y.N.
15:35 – 15:50	Strategic environmental study for offshore wind farms installation in Spain Palacios, M.V. et al.
15:50 – 16:05	Site selection methodology for renewable energies and aquaculture facilities in the Canary Archipelago Weiss, C.V.C. et al.
16:05 – 16:20	Temporary and Spatial predictions to simulate the impacts of alternative fishery policies on the Gran Canaria marine ecosystem Couce-Monteroa, L. et al.
16:20 – 16:30	Discussion
16:30 – 16:45	Coffee Break & Poster session
16:45 – 18:30	Parallel Workshop - Maritime Uses Co allocation and MSP by Helena Calado Parallel Workshop – Reference list on marine habitats in Spain: Classification and relation to the other lists by Concepcion Rey & Victoria Palacios
20:00 – 23:30	Social Dinner (optional)
Thursday 27 April 2017	
09:00 – 11:00	2nd Session: Environmental Planning, Biodiversity Conservation within Blue Growth Chairman: TBD
09:00 – 09:20	Marine WISE Plenary speaker- Inesdel Barrio, European Environment Agency, Denmark
09:20 – 09:35	Ocean metabolism, heterotrophic energy production, vertical particle flux, nutrient retention efficiency, and benthic respiration Packard, T.T. et al.
09:35 – 09:50	The integration of European marine policies in Macaronesia, Mystic seas and the life integrated project Intemares Gutiérrez López, V.
09:50 – 10:05	Seawetra, a MSP tool to support the conservation of the marine mammals in the Pelagos Sanctuary Moulins, A. et al.
10:05 – 10:20	Microplastics: a global problem that needs global cooperation Herrera, A. et al.
10:20 – 10:35	Anthropogenic pressures over juvenile green sea turtles in coastal waters of the Canary Islands Monzón-Argüello, C. et al.
10:35 – 10:50	Jellyfish blooms around the world: The roles of climate and humans Purcell, J.E.
10:50 – 11:00	Discussion
11:00 – 11:30	Coffee Break & Poster session
11:30 – 13:45	2nd Session: Marine/Maritime Information Systems & Data Management Chairman: TBD
11:30 – 11:50	<i>Plenary speaker– Angel Lopez Alos, European Centre for Medium-Range Weather Forecasts, UK</i>
11:50 – 12:05	The European Atlas of the Seas Barale, V.
12:05 – 12:20	The Italian impulsive noise registry Fossati, C. et al.
12:20 – 12:35	Land tenure registration on the marine areas in Croatia Flego, V., Roić, M.

12:35 – 12:50	Geocms hotspot: data evaluation and preparation Aden, C., Kirchner, A.C.
12:50 – 13:05	Computer system for strengthening decision-making in biodiversity and marine coastal protected areas in Guatemala García, S. et al.
13:05 – 13:20	Integrated zoning for aquaculture and biodiversity-using a spatial decision-support tool Venier, C. et al.
13:20 – 13:35	Sis- increasing amount of data for marine spatial data infrastructure with marine observation sensors Tavra, M. et al.
13:35 –13:45	Discussion
13:45 – 15:00	Lunch
15:00 – 16:30	3rd Session: Maritime Spatial Planning & Blue Growth Chairman: TBD
15:00 – 15:20	<i>Plenary speaker- Lodewijk Abspoe, Directorate-General for Spatial Development and Water Affairs, Netherlands</i>
15:20 – 15:35	Marine spatial conflict resolution based on cooperative game theoretic decision rules. The what, the why and the how. Kyriazi, Z. et al.
15:35 – 15:50	Symphony-a Swedish tool for cumulative impact assessment in Marine Spatial Planning Hammar, L. et al.
15:50 – 16:05	Decision support concept to design of Maritime Spatial Plans related to development of anchoring capacities – Case study Croatia Jajac, A. et al.
16:05 – 16:20	MS - Integration of shipping component into Marine Spatial Planning process in Estonia Zaitseva-Pärnaste, I., Kopti, M.
16:20 – 16:30	Discussion
16:30 – 16:45	Coffee Break & Poster session
16:45 – 18:30	Workshop: Is it possible to conciliate the objectives of the Marine Strategy Framework Directive and the Marine Spatial Planning Directive
	Is it possible to conciliate the objectives of the Marine Strategy Framework Directive and the Marine Spatial Planning Directive Borja, A.
	The Marine Spatial Planning in the Canary Islands Cabrera, V.B., José J.C.
	Potential contribution of the first sale system of fresh fish in the Canary Islands to the compliance of the marine strategy framework directive (MSFD): An example of Gran Canaria (Canary Islands, Spain). Pérez González, Y. et al.
20:00 – 23:30	Noche de pinchos en Vegeta
Friday 28 April 2017	
09:00 – 11:00	Workshop: Maritime Spatial Planning Challenge - MSP ROLE GAME by Lodewijk Abspoe
11:00 – 11:30	Coffee Break
11:30 – 13:00	Thematic event: The Atlantic Action Plan: Funding opportunities for MSP in the Atlantic Area - by Federico Cardona Pons
13:00 – 13:30	Conference closure
